Profile Summary

Motivated and dedicated Computer Science Engineering student with a strong foundation in Java, JavaScript, Data Structures and Algorithms, and web development. Passionate about building practical software solutions and continuously improving problem-solving and programming skills. Familiar with developing projects using modern technologies and actively preparing for software development and placement opportunities. Eager to contribute technical skills, learn new technologies, and grow as a software developer.

Education

Bachelor of Technology (Computer Science and Engineering) — Chandigarh Engineering Colleges, Jhanjeri (2024 – 2028)
CGPA: 7.5

Senior Secondary Education (XII) — R.L.S.Y College Bettiah, Bihar (2023)
Percentage: 74%

Secondary Education (X) — R.K.V.V.M School Bettiah, Bihar (2021)
Percentage: 84%

Projects

Smart Medicine Reminder System

- Developed a reminder application for managing medication schedules with timely notifications.
- Built an IoT prototype with ESP32, DS3231 RTC, LCD, buzzer, and buttons for scheduled reminders and missed-dose tracking.
- **Tech Stack:** ESP32, Arduino, DS3231 RTC, LCD, C/C++

TempChat — Real-Time 1-to-1 Chat Application | Live Demo

- Designed a private chat application with authentication, real-time messaging, and image/video sharing.
- Implemented a WhatsApp-style interface with online/offline status, typing indicator, and delivered/seen message states.
- **Tech Stack:** Next.js, React.js, Node.js, Supabase, JavaScript

Hospital Management System

- Developed a responsive Hospital Management System to streamline patient, doctor, and appointment management.
- Implemented modules for patient registration, doctor management, appointment scheduling, and medical records states.
- Designed a user-friendly interface with HTML, CSS, JavaScript and responsive layouts.
- **Tech Stack:** HTML, CSS, JavaScript, Responsive Layouts

Skills

- **Technical Skills:** C++, Java, HTML, CSS, JavaScript, C++ STL, Node.js (Basics), Express.js (Basics), Git, GitHub, MySQL, MongoDB
- **Soft Skills:** Leadership, Problem Solving, Teamwork, Communication, Adaptability, Time Management
- **CS Concepts:** Data Structures & Algorithms, Object-Oriented Programming, Operating Systems, DBMS, Computer Networks, Computer Organization and Architecture

Achievements & Leadership

- Participated in Project Showcase during the College Fest, presenting academic projects and explaining technical implementation.
- Participated in College Science Day and received a Certificate of Participation.

Certifications

- **Java Programming Fundamentals** — Infosys Springboard
- **Python Certification** — Infosys Springboard
- **AWS Cloud Foundations** — AWS Academy
